

Muhammad Abdullah

Frontend Developer (React | Next.js | Tailwind)

+92348-1719123 abdullahnasar333@gmail.com Portfolio Lahore, Pakistan

SUMMARY

Frontend Developer with hands-on experience building scalable and responsive web applications using React, Next.js, and Tailwind CSS. Currently working as a Frontend Intern, focusing on converting Figma designs into reusable components, integrating APIs, and improving UI performance. Passionate about clean code, user experience, and modern web technologies.

EXPERIENCE

Junior Front-End Developer

- GTechSources** Apr 2025 - Present Lahore, Pakistan
- Promoted from Intern to Junior Web Developer based on strong performance.
 - Integrating and optimizing RESTful APIs with TanStack Query for efficient data fetching.
 - Developing and maintaining Next.js API endpoints for backend functionality.
 - Developed and managed complex global state using Redux Toolkit
 - Developing responsive web applications using React, Next.js & Tailwind.
 - Implementing Firebase Authentication, Firestore and RESTful APIs.
 - Converting Figma designs into clean, reusable frontend components.
 - Collaboration using Git for feature development and code maintenance.
 - Improved UI performance and cross-browser compatibility
 - Enhancing application performance and ensuring cross-browser consistency.

Front-End Intern

- GTechSources** Dec 2025 - Mar 2026 Lahore, Pakistan
- Developed reusable UI components using React and Tailwind CSS
 - Converted Figma designs into pixel-perfect responsive interfaces
 - Integrated REST APIs to display dynamic data
 - Implemented Firebase Authentication & Firestore
 - Collaborated with team members using Git and basic development workflows.
 - Improved UI performance and cross-browser compatibility
 - Optimized component rendering and reduced unnecessary re-renders using proper state management and component structuring
 - Assisted in debugging and resolving UI issues to improve application stability.
 - React hooks to manage state and component behavior effectively.
 - Followed mobile-first approach for responsive and adaptive designs.
 - Debugged issues and maintained code under guidance of senior developers.

PROJECTS

University Portal

- Next.js • TypeScript • Firebase • Tailwind
- Preview
- Implement Role based auth.(Admin/Student/Teacher).
 - Implemented authentication and Firestore data integration.
 - Designed a responsive UI for attendance and course management modules.

Quiz Application

- React • Tailwind • Firebase
- Preview
- Developed dynamic quiz interface with state-based score calculation
 - Integrated Firebase for structured data handling

E-Commerce Product Page

- React
- Preview
- Built responsive product layout with reusable components
 - Implemented conditional rendering and structured props handling

CERTIFICATION

The Complete Full-Stack Web Development Bootcamp

Full-stack web development training. Course provider - Udemy

React - The Complete Guide

Gained hands-on, practical skills in React. Course provider - Udemy

Intro To Front-End

Completes Meta's Introduction to front-end Course- Coursera

EDUCATION

BS Software Engineering

COMSATS University 2020 - 2025

ICS Physics

Punjab Colleges 2017 - 2019

SKILLS

- JavaScript React Next HTML
- Tailwind RESTful Web Api CSS
- Git/Github Firebase TypeScript
- Figma BootStrap

STRENGTHS

- JavaScript & React Fundamentals**
Strong foundation in JavaScript and React, building clean, maintainable, and efficient frontend applications.
- UI/UX Implementation**
Skilled in converting Figma designs into responsive and visually consistent user interfaces.
- Cross-functional Teamwork**
Experience collaborating with designers and developers to deliver consistent and userfocused web solutions.
- Self-starter & Quick Learner**
Ability to learn new tools quickly, work independently, and adapt to project requirements efficiently.
